REGISTRY

(originated by Mr. [redacted] STAT

OGC) has surfaced nothing that is objectionable from an Office of Security standpoint. In fact, this package differs only slightly from a previous package, concerning the same subject, which was forwarded to the Director of Security by [redacted] of OGC STAT

Since OGC desired notification by COB 26 February 1980 only if problems are discovered and concerns exist, I propose to allow the 26 February 1980 notification deadline to lapse, therefore, by default, voicing a "no objection" position for OS.
